---

## Summary:

I am a MERN Full-stack Developer, passionate about designing user-friendly, scalable web applications with a focus on responsive UI. Having recently completed the NxtWave MERN Stack course, I have built 8+ live projects including quiz apps and a Covid Dashboard. Passionate about contributing to innovative teams solving real-world challenges.

## Skills:

**Frontend** : HTML, CSS, JavaScript, React.js, Bootstrap, Responsive Design

**Backend** : Node.js, Express.js, Python, API Development, JWT Authentication

**Database** : Mongoose (MongoDB), SQLite

**Tools** : GitHub, Postman, Vercel, Render, Netlify

## Projects:

### Quiz Game | React.js, MongoDB, Node.js, Express.js, CSS

- Developed a multilingual quiz app supporting Tamil & English.
- Features real-time scoring and adaptive difficulty levels.
- Designed an engaging UI with various question categories.
- **Live Demo:** <https://quiz-game-smp.vercel.app>

### Covid-19 Dashboard | React.js, JavaScript, CSS

- Built a real-time COVID-19 tracking dashboard.
- Integrated interactive charts and state-wise statistics.
- Utilized a live API for accurate data representation.
- **Live Demo:** <https://covid19dashsrp.ccbp.tech>

### InvoGen (Invoice Generator) | React.js, JavaScript, CSS, SQLite

- Designed a professional invoice management system.
- Enables clients to create, manage, and export invoices as PDFs.
- Intuitive dashboard for efficient financial tracking.
- **Live Demo:** <https://invogen-tau.vercel.app>

### MeteoSyn (Weather App) | React.js, JavaScript, CSS

- Provides real-time weather updates with a 5-day forecast.
- Location-based insights using an external weather API.
- Clean UI for enhanced user experience.
- **Live Demo:** <https://meteosyn.netlify.app>

## Non-IT / Electrical Experience (2021 - 2024)

- Solar & Electrical Work: Installation, wiring, troubleshooting, and maintenance.
- Manufacturing & Power Systems: Panel termination, cable routing, and equipment setup.
- Project Execution: Site supervision, technical analysis, and safety compliance.

## Education :

- NxtWave – **MERN Stack** (May 2024 - Feb 2025) with **Good Knowledge**
- AJ Polytechnic College – **Diploma in EEE, 91%** (2018 - 2020)
- G.S.H.Hr.Sec School – **HSC: 66%, SSLC: 80%**
